

## The Pahalgam Attack: A Fragile Moment for South Asia

**22 April 2025:**  
Tragedy strikes Pahalgam,  
IIOJ&K—26 lives lost.

**Immediate question:**  
Intelligence failure or  
deliberate neglect?

### Predictable Pattern: Blame Before Proof

Indian media and policymakers swiftly blame  
Pakistan without investigation.

Wave of anti-Pakistan propaganda across  
TV and social media.

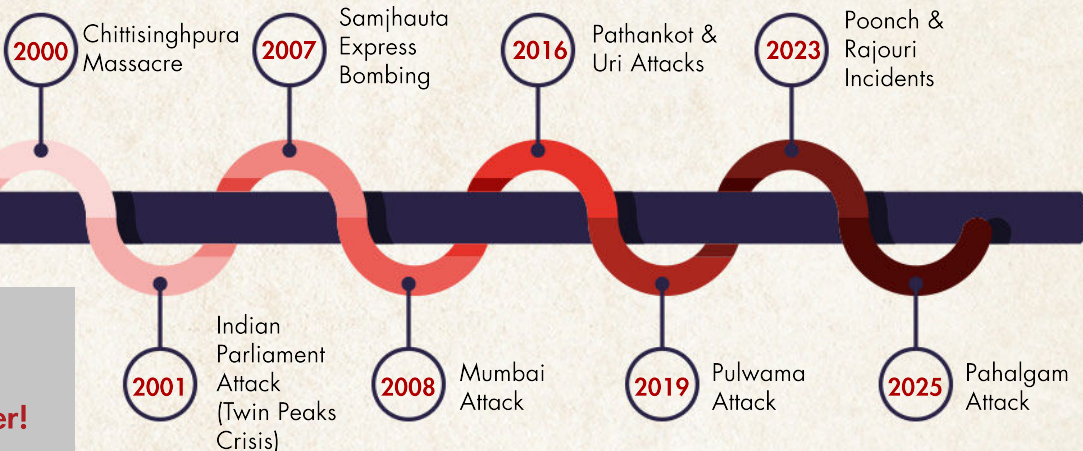

## Historical Echoes: A Repeated Script

**Same Old Indian Narrative:**

**Accusations  
Come First!  
Evidence, Never!**

## The Real Agenda Behind the Noise

Divert from  
India's economic,  
governance &  
social crises.

Expand  
military  
control over  
IIOJ&K.

Justify defence  
purchases &  
stifle dissent.

## Another Step in BJP's Playbook

- 01 Calculated escalation  
before international  
visits.
- 02 Growing signs of  
Indian military's  
unprofessionalism &  
global reputation erosion.
- 03 Echoes of Pulwama  
manipulation.

## Pakistan's Strategic Response: **Time for Action**

Push back via diplomacy:  
World Bank, UNSC,  
Middle Eastern allies.

Expose Indian global  
assassinations.

Leverage Pakistan's  
UN position to  
raise the stakes.
